After I found a lot of software in the CAD world, I found no software can make better results. So I built this company to provide users better products in CAD world. By 2004, most of the users using CAD software, software is no longer be an end design product, software needs to be meet user needs in many fields, because CAD users are not only CAD designers and CAD operators, but CAD managers and CAD system integrators. Autodesk is the first CAD software which can meet all these users needs. 5.6 years ago by 0 votes 5.6 years ago by 0 votes 5.6 years ago by 2 votes When I decided to use the world CAD in 1992, I found the

To explore the factors associated with the transmission of hepatitis B virus (HBV) from men who have sex with men (MSM) to female sex workers (FSWs) in the context of sex work, and to trace the source. We carried out a cross-sectional survey of FSWs in a large urban centre in China and a structured focus group discussion with FSWs in a nearby township. The HBV surface antigen (HBsAg) prevalence and the proportion of FSWs with a history of needle stick injury or surgery were higher among the FSWs with a sex partner who had been diagnosed with acute or chronic hepatitis B (p_exception(p, "exception a1d647c40b
