Lotus Notes To PDF Converter (April-2022)

Lotus Notes to PDF Converter is an application that allows users to easily recover their Lotus Notes emails and save them in the form of PDF files. Simple interface The program comes with an intuitive, easy-to-use interface, as it has been designed to fit the needs of a wide range of users, including those who do not posses advanced computer skills. However, it might look a bit outdated to some users, and some of its functionality is conditioned by the availability of Lotus Notes on the target computer. To take advantage of this application's capabilities, users only need to browse their computers for the NSF file they want to convert emails from, to scan it, and then to click the conversion button. Preview emails before conversion The application provides users with the possibility to preview the emails in the original Lotus Notes file before kicking off the conversion, as it lists all of them on its main window. With the help of this tool, users can make sure that they convert the emails they need, as they can view all of the attributes the Lotus Notes emails came with, including sender and recipient email address, sent/received date, subject, and size. Retain metadata during conversion The application can keep all of the metadata associated with the Lotus Notes emails unmodified during the conversion process, so that users can still view info such as To / Cc / Bcc, sent/received date, attachments, and the like. The program can be used to convert emails from Inbox, Outbox, Drafts, or Sent Items, and can create a single PDF file for all of these emails, one that also includes the attachments they feature. Fast, conversion capabilities The application can load NSF files fast, while also being able to list the emails inside it almost instantly. It is also snappy when it comes to exporting emails to PDF, and does not consume a large amount of system resources when operating. All in all, Lotus Notes to PDF Converter is an easy-to-use, straightforward application for converting Lotus Notes emails to PDF files. It does not require advanced computer skills to be operated, while also being snappy and providing users with the option to preview emails before conversion. Lotus Notes to PDF Converter Homepage: Caveat: This example is for the US version of Lotus Notes, but should work almost equally well for other countries' versions, as well. I've not confirmed
