The Land Between The Notes is a fantasy action RPG game which allows you to create your own character and adventure in a vast world that seamlessly connects open fields, forests, and huge dungeons. By using the collected stamina you have developed throughout your journey, you can increase your strength and develop new skills, and use your skill to defeat enemies with powerful attacks. 1-3 players of the original The Land Between The Notes can simultaneously connect to the online element to travel with and fight with other players, or they can party-up with friends to complete quests, collect items, and fight monsters. This game has been developed as a new title for players who have not played the previous version of the game, and we will continue to add content to enhance the game, such as additional story parts, players, items, and maps. KEY FEATURES > A wide world that you can freely roam in The Land Between The Notes has a vast world that can be freely explored in all directions from the cities. While exploring, you will encounter different types of enemies and dungeons, each with a unique design. > Create your own character In The Land Between The Notes, you can freely customize your character's body, weapons, armor, magic, and appearance. You can develop your character to become stronger and enhance skills by collecting stamina and using them to increase your strength and learn new skills. > Bump into online play in the midst of the adventure The game features online play that allows you to directly connect with other players and travel together. In addition, the game also supports a unique asynchronous online element that allows you to feel the presence of other players, and items that are being held by other players are given to you, allowing you to fight in the same location as others. > New players can enjoy the story with a minimum knowledge of The Land Between The Notes In The Land Between The Notes, a new story is told from the perspective of the players who were still writing music at that time and have some connection to the characters in the game. [Lands Between Review] By Hamdi Uluğur - Jun 4, 2018 "It feels like playing a game from a different era of development." [Story] "The characters' thoughts and the primary events of the story are simply brilliant." I joined the lands between in preparation for a new journey. I started out with the choice of a vacant and impoverished village, razed by poverty and the greed of a ruler. I got lost in the vast city while the sweet sound of the sword left my mind. I wandered around. I met with that sword of mine. That sword then guided me to the mountains and the black rock. I reached out my hand for the black rock. That black rock was then infused with a power I did not know and a treasure that is unlike anything before it. That treasure then was given to me, but that treasure had already been transformed in the hands of another. I learned the truth when I arrived at the capital, the power and the mystery of the black rock. The next day, I was told to carry the sword of this unknown power. As I went, the world that I knew changed to another. I met with the one who held that power at the end of a long road. That man then transformed me into something that I do not even remember. I fell asleep, and I woke up here. "It feels like playing a game from a different era of development." "The characters' thoughts and the primary events of the story are simply brilliant."
