In addition to the motion capture feature, players in the stands can cheer their favorite team from any seat in the stadium and, with EA SPORTS Virtual Stadium, fans can create their own stadiums with complete virtual player movements and many realistic effects, putting you right in the heart of the game. Football fans can be part of the Premier League, the UEFA Champions League, the German Bundesliga or the mighty French Ligue 1 by opening their own club and building it to the national team's world-class level. Create your own football club from the manager's perspective, recruit your team, play matches with your friends and try to win the title. FIFA Online developed in partnership with Real Madrid and Atlético de Madrid to help fans keep connected to their favorite teams through the FIFA 22 "Club Apps." The new feature is available starting April 15. If you enjoy FIFA, find some friends who enjoy it as well, and try the "FIFA Community" on Xbox One and PlayStation 4. Accessible through the new Connectivity Center, FIFA Community is built from the ground up to let players live and share their favorite experiences. It's an open platform where players can find content and connect with friends. From sharing the best moments of the game to getting tips for your next opponent, community features are designed to give players more ways to share their football experience with each other. Fans can also play "The Journey" mode online, available starting April 15, for the first time ever. "The Journey" is a single-player mode in which players lead an athlete through a rookie season at a professional football team in the real world. It's then up to players to help guide the athlete to become the player they want him or her to be. Throughout the journey, players will earn key in-game content, including transfer items, game cards, and items to customize their player in the official club gear. These enhancements are exclusive to this mode. There's even more content to look forward to in FIFA 22 - you can find more information, including gameplay content and features, on EA SPORTS™ FIFA 22 will be available May 2, 2017 for PlayStation 4 and Xbox One.Q: how to improve the search performance
