Q: Regex to find the index of a character in the string I have a string and want to get the index of the letter at which a condition occurs. For example, if the condition is "hello there", the index I am searching for is 4. I have the following code: public string Regex(string input) { var check = Regex.Match(input, @"\b(?[HE])(?[0-9]+)"); if (check.Success) { string mystring = "Hello World"; for (var index = 0; index
