The Art of Burial Burial: the art of a live burial is finally being expressed in a game. Explore a dungeon, gain a status as a would-be ghost, and gain power by being locked in a coffin, in a new action RPG from Phantasy Star Online 2. Death means going to the underworld and being reborn as a ghost. A Gorgeous World The world of Burial is a living environment that encompasses a vast seamless space, while also being densely developed by various hidden components. Explore beautiful dungeons, where you encounter the likes of game-dungeon high-fantasy boss monsters. Upgrade Your Character's Traits and Stats The levels and abilities of your character are developed by the stat power gained by your experience points, so you can choose any combination of these abilities at any time. You can even combine your charisma and strength abilities to strengthen your physicality, or your charisma and intelligence abilities to improve your mind's skill. Game Rules: Different in Fun There are many old-school action RPG elements, but the rules are unique to Burial. For example, in order to increase the abilities of your character, you must first defeat the dungeon boss monster, then spend some time inside the dungeon after that. You will not find an abundance of random encounters, but a perfect world where you will be absorbed by the main theme. You will also find an appropriate saving system, which will surely help you increase your feeling of satisfaction at the end of the game. MYTHICAL QUEST TO UNLOCK POWER AND SEARCH FOR TRUE LOVE Rise, Tarnished First Impressions: The Basics In this fantasy action RPG, the main character is brought down to the ground by a curse. To be the savior of the land, the main character will face a wide variety of struggles. RESTORATION OF THE MAGIC IN THE WORLD Your Thoughts How would you like to become a magic-using adventurer, fighting in the enchanted land between the heavens and the earth? Use your friends' dark power, and restore the essence of the world. A Demon Lord is Seeking Power The Demon Lord who is shrouded in darkness and smoldering remains is seeking power. The Demon Lord is already preparing for a civil war in the world, and in the middle of that, the main character, who is a savior, has appeared. A Magnificent Story In an action RPG
