City airport is a major airport in the West Yorkshire towns of Wakefield, Pontefract and Castleford. This airfield boasts a long list of local and international flights with very good connections to surrounding airports. According to the latest published financials for the airport, Air operator LKQ and Hermes Aviation have been in a dispute with airport management. Their flight leaving for Spain was cancelled due to lack of funds.

Q: Can't get number of Touch Devices with URL Protocol I've been trying to make a website that tells me if there's a touch device on the page, or not. My code here (found on stackoverflow):

```
var viewport; if (/iPad|iPhone|iPod/.test( navigator.userAgent ) ) { viewport = document.createElement('div'); viewport.setAttribute('style', 'width: 1024px; height: 600px;'); } else { viewport = document.createElement('div'); viewport.setAttribute('style', 'width: 320px; height: 480px;'); } var isTouch = false; (function () { var ua = window.navigator.userAgent; var isMobile = ua.indexOf('Mobile') > 0 || /Android/.test(ua); var isTablet = /Tablet/i.test(ua); var isTouch = /Touch/i.test(ua); document.body.appendChild(viewport); }());
```

However, when this script is executed, it says there's no touch devices on the page. I think it could be because I'm using a URL Protocol for the URL, but I'm not sure. How can I get a more accurate number?

A: It is possible that your Javascript runtime (or interpreter) only supports implementation as a single page app. One of your options is to embed a form and submit that form for the script to download.

::SILENT::, I am an air traffic controller, Hong Kong Airport | Simon Haslett. 11th Oct 2017. Filed in:. How to Fix Traffic Controller 3. Air Traffic Controller 2 Airport or "Air Controller 2 Hong Kong" is a Highly complicated environment to play in and it's also a Must to use for Air Traffic Controller 3 Even though the game is less.The Valkenburg Municipality is planning to name its new airport airport "Elisabeth's Airport" after the deceased Queen Consort of the Netherlands, who died on November 6th, 1837, which is the 137th anniversary of the wedding of Prince Willem and Princess Wilhelmina. Queen Wilhelmina was the first Queen of the Netherlands after the Dutch were made a separate kingdom of the Dutch Empire. She was the mother of King Willem III, queen regnant and mother of King Willem IV. Wilhelmina is the mother of Queen Wilhelmina II who is the Queen of the Netherlands today. The Valkenburg airport project faces an estimated budget of 1.7 billion euros.

---

According to the Federal Institute for Aviation, the chances of the airport being opened in 2016 is relatively high. The project is expected to employ roughly 3,000 workers and cost another 1,000 jobs in the region.

Two years ago the United Kingdom and Germany proposed a joint proposal that would help the province pay for the project and officials in The Hague voted unanimously to approve it. The local economy will be heavily reliant on the airport opening. The airport will serve approximately 500,000 passengers per year. Today Queen consort of the Netherlands Queen Consort Elisabeth died of pneumonia. "The Queen, who was 75 years old, was a remarkable person of whom a striking portrait stands out in the history of Holland," the Dutch government said in a statement. "She was not only a consort of King Willem III of the Netherlands, but also a mother, grandmother, great grandmother and great-great grandmother of the current King of the Netherlands."
