

The Gate of Firmament is an adventure story set within the world of the Xuan-Yuan Sword series, where the story revolves around the immortal emperor Zhuangxun in his quest to find his missing daughter. At the age of fifty, Zhuangxun becomes impatient of the lack of progress in his search and breaks the gates between heaven and earth, hoping to find an alternative way to locate his daughter. He comes across the Queen of Huaxu, a woman who once assisted the Yellow Emperor and Xuanyuan in warding off the Otherworld with the Bell of Donghuang. As Zhuangxun struggles to convince the Queen of Huaxu to help him, the Demon Clan of Chiyou decides to lay their plans to conquer the mortal realm once again. Story The story revolves around the immortal emperor Zhuangxun, who lives in the heavenly realm. In ancient times, long ago, to find his missing daughter, Zhuangxun opened the gates of heaven, allowing a direct connection between heaven and earth. This was done, so that worthy mortals could appeal to the Jade Emperor and obtain divine powers, to aid in the search for his missing daughter. However, this gift was exploited and taken advantage of, causing chaos in the mortal realm. The Nine Li Tribe became a cult that worshipped demons and practiced in the occult, divorcing themselves from the businesses of the mortal realm. Forces of evil suddenly arose, inciting wars across the continent, condemning people into a life of fears and sufferings. Emperor Zhuangxun fears the demon Chiyou will once again ravage the mortal realm. Limited by his own capabilities, he seeks the help of the Queen of Huaxu, who once assisted Xuanyuan the Yellow Emperor in warding off the Otherworld with the Bell of Donghuang. Both Fuxi and Nuwa the children of the Queen of Huaxu also support Emperor Zhuangxun in convincing the Queen, for they too cannot bear to watch people suffer any longer. In the end, the gates to heaven were finally sealed with the powers of the Divine Artifacts combined. Since then, no mortals are able to ascend, nor are gods able to descend at will. This incident was later recorded down in history as “Juedi Tiantong.” Since then, no mortals are able to ascend, nor are gods able to descend at will. Time is running out to save the world and return to the land where hundreds of people live in a realm of peace and tranquility. Hector is the main antagonist of the film. He is the head of the High Council of the Deep, which is funded by the evil corporate conglomerate that owns the business sector on the surface. Plot Hector (Lou Diamond Phillips) is a mentally disabled prince who finds himself on the surface without any memory of how he got there. He is separated from his niece Esmerelda (Ashley Judd) and travels to the deep to search for Esmerelda. He manages to find the deep and eventually becomes friends with a stowaway named Jared (Hunter Parrish). In turn, Jared introduces Hector to the sadistic but moralistic Brotherhood. After a series of murders, the Brotherhood begins harassing Hector and follows him to the surface of the water. King Ludwig (Ben Cross) comes to the city of the Deep to meet with friends. He is kidnapped by the Brotherhood who take him to an abandoned factory where he is to be put to death. Hector and Jared manage to free Ludwig who is then granted a royal pardon by the High Council so he can seek the cure for Hector's condition.
