Thanks for your reply, unfortunately we tried it with CC by logging in and out and still got the same problem. Every time we logged in, it just asks for the serial ... I know you can use some of the built in features in Firefox such as the source code viewer to get information about the site you are visiting, but can you help us? Sorry to bother you and I would like to thank you for your help I had the same problem with Firefox on my laptop. When I connected an external printer (HP LaserJet 1020), the problem occurred. I installed the printer from my Mac and that solved the problem.
